

**Dear Community Member,**

In the heart of our North Phoenix neighborhood, there is a valuable non-profit educational center where children and families gather for aquatic training in a community setting. Our facility offers a competitive swim team through the Desert Swim League and swimming lessons for toddlers to adults. Our most valuable asset is the membership we serve who develop life long relationships with the residents in their community.

Melrose is owned and operated by our membership. In addition to our competitive summer swim team program coached by Misty Hyman, we offer progressive swim lessons, Red Cross lifesaving skills, masters swim, and a variety of recreational classes.

Your generous sponsorship will be used to allow us to continue providing an affordable, safe environment and promote the health and general welfare of our community.

For questions or request by phone, please call:  
Lane and Jill Stermer
